

ORIGINAL OBJECTIVES CHANGED

Each Side Bent Solely On Trying to Destroy Other

Beating Off German Counter Attacks, Americans and French Hold to Most Recent Gains, Americans being Well Established in the Region of Seringes.

YANKES IN BRILLIANT FIGHTING

(By United Press)

Washington, July 31.—Repulse of German counter attacks by American forces on the line of the Ourcq and improvement of the American position was reported today by General Pershing.

London, July 31.—Beating off German counter blows, the French and Americans have held firmly to their most recent gains. The Americans are well established in their positions in the region of Seringes-et-Nesles. East of Oulchy-le-Chateau, the French have repulsed four counter-attacks.

Plunging northward from Sergy, American troops have made a brilliant and important advance in desperate fighting, and apparently have opened the way for further successful operations against the Germans in the Marne salient.

Washington, July 31.—Both the allies and the Germans have changed their original objectives in the battling in the Soissons-Rheims salient and now each side is bent solely upon trying to destroy the other, Chief of Staff March declared today.

To kill as many men as possible is now the one objective.

He held out slight hope for capture of the German army owing to its resistance in the Soissons and Rheims sectors, the two ends of the line.

The Rainbow division is now helping to hold the line near Fere-Tardenois, March announced.

This division arrived at its new post within the last two days to reinforce other Americans there.

The third division, March said, is now at Cierges, another point of violent fighting.

General March stated that a cable has been sent to General Pershing, instructing him to send casualties as they occur, without any attempt to separate them according to engagements. The casualty will be given out as soon as received, it was stated.

Hun Counter Attacks Fail.

Paris, July 31.—German counter attacks against new allied positions along the line eastward from Oulchy have been repulsed, the French war office announced today.

"On the right bank of the Ourcq, there was sharp fighting. Seringes has finally been taken in an American counter attack. Numerous German riders east of Mondidier and in the Bosges failed.

In 10 Miles of Fismes.

London, July 31.—Heavy fighting at various points on the Soissons-Rheims salient, with Americans holding the heights beyond Sergy and Seringes, was reported in dispatches here early today. This is the farthest allied advance toward Fismes, the important German strategic center on the Vesle river. Seringes is about ten miles from Fismes.

Yanks Meet Stiff Resistance.

With the Americans in France, July 31.—Stiff resistance the Germans are now putting up indicates that a strong line has been established and bitter efforts are being made to keep the allies from breaking through, but

Americans Put Fear Into The Boche's Heart

German Soldier's Letter to His Wife Shows Attitude of Huns Toward Dashing Yankees. Says They Can Not Be Defeated.

HEROISM OF THE AMERICANS

(By United Press.)

With The Americans in France, July 31.—The charging of the Americans is not only winning ground but it is also instilling fear into the Germans. Letters taken from prisoners today and statements made by them clearly show this.

There are many instances of American heroism. At one town the Germans counter-attacked, obliging the Americans to retreat temporarily. Then the enemy sent out a man under a white flag. He asked if the Americans wanted to surrender.

"Hell, No," yelled their commander. "We're ready to attack."

This they did, retaking the village and holding it permanently.

The more intelligent Germans fear they won't be able to hold out much longer against the increasing allied forces.

"The German army could not hold two months longer at the present rate of losses," declared one prisoner.

A Prussian captive carried a letter written to his wife before the battle. He had written:

"The war is hopeless for us now that we are opposed to these ferocious Americans, who can not be defeated. Their artillery already has caused terrible losses. We must be annihilated by their infantry."

The American spirit and devotion to duty is amazing even to those who have watched the war and been on the battlefields for four years. Time after time the Americans have charged into intense machine gun fire, right through artillery barrages and have driven back the German infantry, which can not stand up in hand-to-hand combats.

An American lieutenant stumbled into a rolling kitchen at the roadside behind the lines and asked for something to eat. He trembled continually, and a private offered to help him to a hospital, but the officer refused.

"Never," he said. "I'm going back to the front with my boys. I'm in a Stokes mortar outfit, and got shell shock yesterday, so they sent me back when I couldn't protest. I tried to get released from the hospital, but the doctors refused, so there was nothing to do but escape. I've got to go back to my boys."

"He's got the stuff," they agreed, "but he ought to be sent back to the hospital. It's a crime to let him go to the front."

EXECUTED BY BOLSHEVIKI.

(By United Press.)

Amsterdam, July 31.—Three Russian grand dukes, one of whom is believed to have been Grand Duke Nicholas, former commander-in-chief of the Russian army, have been executed by the Bolsheviks, according to dispatches from Moscow.

HUNS LOSSES MOUNT HIGH

**Estimates Put Number at 4,750,000
—4 Million on West Front.**

(By United Press.)

Paris, July 31.—German losses since the start of the war have reached 4,750,000, according to estimates published today. The Germans now have 5,430,000 men, it is stated, of which 4,000,000 are engaged on the west front.

Since March their losses have been 1,500,000, of which 1,000,000, it is said, have been put out of action.

THREE ENTRAIN FOR VALPARAISO THURSDAY

**Quota of Mechanics to Depart at
10:51 A. M. For Training—Lim-
ited Service Men Go Today.**

2 CALLED FOR NEXT MONDAY

Another of the small contingents of selected men called for the latter part of July and during August will leave tomorrow morning at 10:51 over the C. I. & W. for Valparaiso, where they will be trained as auto mechanics. Vern W. Bell, Donald H. Foster and Marion McBride were listed some time ago to fill this quota. They will arrive in Valparaiso at 7:02 tomorrow evening.

The local board received word today that Sam McCullough, who registered at Carthage, but now lives in Montgomery, Alabama, had reported to the Montgomery board and was ready to be inducted into the service. He will fill the county quota of one colored man who was ordered to Camp Dodge, Iowa. The Montgomery board, however, will send him to a camp for colored men in their jurisdiction.

Two more limited service men were called today and will entrain next Monday afternoon at 3:30 on the C. I. & W. for Syracuse, N. Y., to serve in fire and guard companies at embarkation ports. William F. Burton and Harley Frazier will fill this quota. Both live south of Rushville. Chase Brooks and Harold Rathiff left this afternoon at 3:30 for Syracuse, having been called for the same purpose.

FREIGHT BILLS MUST BE PAID IN CASH NOW

**No Credit Will Be Extended to Big
Shippers, According to Order
by Director General.**

IS EFFECTIVE AT MIDNIGHT

Washington, July 31.—After midnight railroads will collect millions of dollars in freight charges, practically on a cash basis, by order of Director-General McAdoo, abolishing the old practice of extending credit to big shippers. Payment of freight bills now will be required nominally on the day the shipment is delivered, although this has been interpreted as permitting a day or two in which to mail the freight bill and transmit a check in return.

By providing bond most large shippers have arranged for delivery of freight without requiring separate payment for each shipment. In these cases railroads will render bills covering a number of shipments, and as long as a week may be permitted in which payment may be made.

Clay Purkey, of Countryside, was the guest of friends in this city last night.

LOCAL SOCIETIES TO BE REPRESENTED

**C. W. B. M. and Young Ladies Circle
Preparing For Special Days at
Bethany Assembly.**

MRS. J. D. CASE ON PROGRAM

**Circle Chorus of This City Will Sing
Song Which Was Dedicated
to the Assembly.**

With special days set aside at the Bethany Assembly this week for C. W. B. M. and the Young Women's Mission Circle rally days, great interest is being displayed in the programs by local members of the organizations, many of whom are attending the meetings.

Mrs. J. D. Case of this city, who is prominent in the state development program of the board of missions, is attending the meetings of the assembly this week and will appear on the program Friday, Aug. 2, when the first of the two days C. W. B. M. rally program will be held. Mrs. O. H. Grist of Union City, state president of the organization, will preside at the meeting which will be attended by numerous members of the organization.

The feature of the rally will be the address on the opening night by Mrs. Daisy Douglass Barr, the famous union evangelist, who will lecture on this occasion on "The Lure of the Present."

On the following day, August 3, another delegation of Rushville people will attend the assembly when the program will be given by the Circle girls of the state. Miss Wanda Wyatt and Miss Edith Brown, prominent Circle workers in the local chapter, have already gone to the park and are assisting in the preparations for a monster rally day which is expected to be one of the features of the convention.

The Circle chorus of this city will appear on the program and will render the song which the local organization has dedicated to the Bethany Assembly. The afternoon lecture will be delivered by Miss Marie Rose Lauler of Indiana university. Miss Lauler's address will be especially interesting at this time because of the fact that during the early period of the war she was a captive in Germany where she was studying. She was allowed to leave after eighteen months, during which time every available effort was used to convince her captors that she was a citizen of the United States.

STRIFE APPEARS TO BE INCREASING

**Censored German Dispatches Show
Austria and Germany Can't
Agree on Polish Question.**

TURKEY AND BULGARIA FUSS

(By United Press.)

London, July 31.—Strife among the central powers appeared today to be increasing. Censored German dispatches and comments through neutral sources show that Austria and Germany find it impossible to agree on the Polish question.

The Turks and Bulgarians are still deadlocked over the Dobruja situation and it is rumored that Turkey and Bulgarian soldiers have already clashed on the border.

Feeling was reported running high in Sofia and Constantinople. Berlin newspapers urge all to halt their dissension.

LARGEST TICKET SALE IS REPORTED

**Season Tickets at \$1.50 Will Soon
be Gone With Remainder Selling
at \$2.00.**

ARE EXTRAORDINARY EVENTS

**Lieut. William E. Marks of the Brit-
ish Army is Latest Addition
to War Program.**

The largest sale of tickets reported since the opening of the Rush county chautauqua in 1903 has already been realized by the officials of the chautauqua who stated today that with the disposal of only a few more tickets, the sale of \$1.50 season tickets will be stopped and the remaining number will be sold for \$2.00.

In former years the custom followed allowed for the disposal of the guarantors tickets at \$1.50 and after they had been sold, the remainder were disposed of at \$2.00, because the guarantors' allotment was so rapidly taken up an additional two hundred tickets were placed on sale at the same price. Officials stated today that these also are being rapidly disposed of.

When they are all sold, twelve hundred season tickets will have been taken by Rush county people; and no more can be issued under the by-laws of the Rush County Chautauqua association, it was stated at a meeting of the directors which was held this morning.

The directors also decided that the chautauqua would be held a week later next year because a later date would be better for farmers, who are often still in the harvest the first week of August. There has been some agitation for making the chautauqua later in the month, especially since the Rush county fair has been abandoned.

Numerous extraordinary events are scheduled for the nine-day session, such as never has been equalled before, and the entertainment which is provided with the purchase of a season ticket is astonishing. A single appearance of the Innes band cannot be heard elsewhere for less than the price of a season ticket and at the local chautauqua will be heard by season ticket holders for less than ten cents.

Shifts are being made in the program almost daily by the program committee and each day some new development adds another note of interest to the already exceptional program. War features which are being played up in big headlines will hold the center of the stage during the entire nine days' session.

The latest addition to the program is Lieut. William E. Marks, of the British army, who will appear on the program Friday afternoon at four o'clock. Lieut. Marks has served for four years in the British army, the latter two years of which were given to the aviation department.

The speaker who is a graduate of Cambridge university, is a speaker of note and his lecture will consist of the story of his life during the period which he spent in the aerial department of the army. The different types of aeroplanes, the hazardous stunts and the valuable information gathered through the courage of the birdmen, will be the subject of the lecture.

Lieut. Marks will appear in the form of a British aviator and will speak at the time set aside for Prof. Thomas Nadai. Dr. Nadai will lecture on Monday evening at four o'clock instead of the time at first announced.

Doctors Make Important Announcement

They Take the Public in Their Confidence

Reliable physicians believe that broken down nerve tissues need not a brace but a builder like Phosphates and Iron. To get these essential food tonics to the nerves has long been the big question.

A successful physician says, "Phosphated Iron is an especially adapted discovery that has solved the problem of giving Phosphates and Iron in such a way that the nervous system can actually take hold of it."

Another, an equally important mission of Phosphated Iron is to build up anemic (thin, weak, watery) blood by charging it with good health-giving Iron.

A leading Doctor says, "Phosphated Iron is the best Iron tonic that I have ever prescribed, its results are remarkable."

Strengthening the nerves, building up their starved tissues and recharging weak, watery blood with the great health restoratives, Iron and Phosphates is the mission of Phosphated Iron. You who are nervous, weak, anemic (lack of Iron in the blood) all in, and run down cannot afford to turn down the help that Phosphated Iron offers.

Special—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only. PITMAN & WILSON and leading druggists everywhere. (Adv.)

SUIT IS FILED FOR DAMAGES OF \$10,000

Arthur Lemen Accuses Sarah and C. F. Warrick of Alienating Wife's and Son's Affections.

PERSUADED TO LEAVE HOME

Alleging alienation of the affections of his wife, Nellie S. Lemen, and his son, Alvin Lemen, Arthur Lemen has filed suit for \$10,000 damages in the circuit court against Sarah C. Warrick and her son, Charles F. Warrick. The suit was brought by Chauncey Duncan, representing Mr. Lemen.

The complaint recites that Lemen's wife and son left his home May 7, 1917, and went to live at the home of the defendants. Due to the influence of Mrs. Warrick and her son, his family was broken up and his wife antagonized, the plaintiff alleges.

Lemen says while employed by Warrick, there was an argument over wages, and he quit. He alleges Warrick was to pay him \$1 a day to work on the farm and \$2 a day during corn husking. Warrick refused to pay him extra for shucking corn, Lemen says. The Lemen family moved from the Warrick farm, but later Lemen's wife and son were importuned to return, the complaint says.

SUGAR MUST BE SAVED!

A teaspoonful more nothing you say, but a heaping teaspoonful saved each meal for 120 days for each of the 100,000,000 persons in the United States makes a pile as big as the Woolworth building enough to supply the entire armed forces of the nation.

DOUBLES AMUSEMENT TAX

House Committee Also Decides To Increase Rate on Tobacco

Washington, July 31. — Doubling of the tax on admission to amusement places and a tax on club dues in the new revenue bill, was decided upon by the house ways and means committee today. The present admission tax is 10 per cent and the tax on club dues is 10 per cent of all dues in excess of \$12 a year.

The committee went on record in favor of more than doubling the rate on cigars, tobacco and cigarettes.

RAILROAD MEN MUST JUSTIFY THE INCREASE

Director General McAduf Says They Must Devote Themselves to Work With New Energy.

WANTS EFFICIENT SERVICE

(By United Press.)

Washington, July 31.—Every railroad employee must devote himself with new energy to his work and by faithful and efficient service justify the large increases in pay and improvements in working conditions granted by the government, Director General McAduf today advised employees on federal controlled roads.

The director general's message was included in a pamphlet setting forth the findings of the railroad board of adjustment in the shopman's demand for increased pay.

Employees of the Rushville postoffice have received their first vouchers with the increased pay, which became effective July 1. All except the postmaster received \$200 more on the year, which is approximately an increase of ten per cent, with the exception of the rural carriers, who get in addition two dollars per mile per month for every mile of their route over twenty-four miles, which is regarded as a standard route. The increase in pay for rural carriers amounts to from thirty to thirty-eight dollars a month. Their salary before the advance was one hundred dollars a month.

RECEIVE INCREASE IN PAY

Postoffice Employees Get Their First Vouchers Containing Advance.

All except the postmaster received \$200 more on the year, which is approximately an increase of ten per cent, with the exception of the rural carriers, who get in addition two dollars per mile per month for every mile of their route over twenty-four miles, which is regarded as a standard route. The increase in pay for rural carriers amounts to from thirty to thirty-eight dollars a month. Their salary before the advance was one hundred dollars a month.

TWO HUNS ASSASSINATED

German Dictator in Ukraine and Adj. Capt. Dressler Killed.

Amsterdam, July 31.—Field Marshal Von Eichorn, German dictator in Ukraine, has been assassinated, according to official word from Kiev received here today. Adjutant Captain Von Dressler was also killed.

Previous reports said that they had been seriously wounded by bombs thrown by a social revolutionary crowd. The assailant was arrested. The dispatches said the two men lived only a few hours after being hurt.

prisoners insist the enemy will make his most determined stand between Rheims and Soissons.

The order of German retreat toward Fismes is still in progress, screened by heavy rear guard action. Americans hold Sergy, hills nearby and Murey farm.

The battle is constantly becoming fiercer with bitter hand-to-hand conflicts. The American infantry was fighting with the enemy all day yesterday. German artillery is working with the infantry for the first time since the retreat started. American artillery is backing up our infantry.

Remnants of the 4th Prussian guard continue to oppose the American advance in the region of Sergy. In the fighting there Yankee troops charged up one side of a hill and over the crest into strong German forces massed on the opposite side. American batteries sent a barrage ahead of the columns, which swept on and pushed through the enemy despite vigorous resistance, cleaning out German machine gun nests as they advanced.

In their retreat the boches left

many traps for the Americans. Where one part of the line spans the Ourcq, roads leading to the river were mined in the expectation that United States troops would be blown up when they tried to cross the stream. One road was mined heavily, but the charges failed to explode.

The boche also established machine gun pits—two men to each nest—in fields and along ridges north of the Ourcq. Working under cover of darkness, the enemy organized strong positions into which the Americans were expected to blunder in their advance. In one place considerable barbed wire was found stretched in front of the machine gun pits. The artillery did excellent work in destroying these German barricades and shelters—then the Americans rushed in and routed the enemy in hand-to-hand encounters.

LIBERTY LOAN CONVERSION

All holders of Bonds of the First Liberty Loan, the First Liberty Loan converted, or the Second Liberty Loan may at any time between now and November 9th, 1918, convert them into Bonds bearing 4 1/4% interest, running for the same number of years.

As this process of conversion, on account of its magnitude, will likely require some considerable time, we would suggest that those who wish to convert, leave their Bonds with us for this purpose within the next sixty days.

Receipt will be given for all Bonds left for conversion, and no charges will be made for our services in this connection.

Hold To That Which Is Good.

Investors in Liberty bonds have been importuned repeatedly to hold on to their government securities—keep that which they know is good. They have been warned to beware of the sharper who comes to them with tales of enormous profits from beautifully engraved stock which they would trade for bonds. No newspaper or individual has made quite the appeal which the San Francisco Chronicle makes. The Chronicle points out that to sell a bond after you have got it is to recall your loan to the government and make other use of your money.

It will not do to say that the man who buys your bond takes your place and that the government is as well served, continues the Chronicle. Let him buy direct from the government and then his place and your place will both be filled.

Of course, some who buy Liberty bonds are compelled to sell. Their circumstances change, or are not what was expected, and it becomes necessary to realize. And under the pressure of the campaigns some are induced, and perhaps really compelled to promise to buy what they have no money to pay for. Some sales of Liberty bonds are necessary and it is so recognized.

But if you must sell, sell only for cash. Go to the banker from whom you bought, or subscribed, and explain your situation. It is almost certain that a way will be found to help you.

But to trade Liberty bonds for other bonds does not help you and injures the country. A Liberty bond is free from all taxation. You are not likely to pay less than 2 per cent on the face value of the bond for which you trade, and may pay a good deal more. And 2 per cent added to the 4 1/2 per cent, which the Liberty bond carries, makes 6 1/2 per cent, and you are not likely to find well secured bonds bearing a higher rate. And if you look at the Stock Exchange transactions you will probably find your 6 or 7 per cent bond selling much below par. There is no other security so profitable upon the whole as a United States bond.

But, above all, look out for sharpers, who will try to sell you almost anything on earth at a fancy price and take your Liberty bond in payment. They rely upon being able to fool you. If any such person even suggests such a trade, tell him bluntly to go to any place you happen to think of and take his wares with him. The trouble is you may not know that he is a sharper. The devil is that smart, and the tempter is likely to appear to you in the guise of a kindly and benevolent gentleman who, out of the goodness of his heart, is offering you a chance to get rich quick. He is, in fact, more likely to appear in the form than in any other.

If you have bought a Liberty bond keep it. If you have subscribed for one try your best to keep up the installments, and when it is paid for you will have something you can rely on.

THIS DAY IN THE WAR

July 31, 1917: British and French launch offensive in Belgium, after three weeks of bombardment. Ten villages and 3,500 prisoners taken.

July 31, 1916: Allies consolidate their gains in the Somme offensive. Russians press nearer Kovel.

July 31, 1915: Austro-Germans take Lublin. Russians push evacuation of Warsaw.

July 31, 1914: General mobilization in Russia.

Work or Fight.

The decree has gone forth—"work or fight." It is well—as far as it goes. But, limited to subjects of the selective draft, it doesn't begin to reach far enough. It should be made to reach all classes and conditions of American life; from the hobo by the roadside to the millionaire in his limousine. "No drones in America" should be the watch-ery till the great conflict is won.

America expects every man to do his duty. Will public sentiment see that he does it? Giving is not enough, though one give to his last mite. Money cannot win this war; but that which money can buy—the fruits of toil—can and will win. The millionaire gives hundreds of thousands to buy cannon—but if no cannon are made, the gift is abortive.

It is labor that is needed now—intelligent, persistent, increasing labor that shall go to furnish and create those vital sinews of war without which our great armies will be impotent.

Bar the sluggard. Place him under the ban of a supreme public contempt. It matters not his poverty or his millions, demand that he work—and at some needful occupation.

Labor is king and must hold the throne until it has made this world safe for all peaceful peoples.

The government desires us to conserve gas and electric light. In the days when the community still harbored young men calling on their best girls, with what fervid patriotism this request would have been carried out.

If gratitude is due to the man who makes two blades of grass grow where only one grew before, what is due to the farmer who will plant this year twice the acreage of wheat that he did before?

When the Germans attempt a raid on American troops they are monkeying with a large and active buzz-saw.

We are all creatures of habit, and the thrift stamp habit is an excellent one. Cultivate it.

American Soldiers Buried in Special Cemeteries in France, Each Grave Marked

Word having come from Washington that a new organization was being formed, known as the Purple Cross association, a body of undertakers who are anxious to go to France to assume charge of the bodies of the dead, the actual arrangements of the army are worth mentioning, writes a war correspondent.

The new association wishes to be allowed to follow the troops to the front line to receive the body of every man who is killed or dies from natural causes and after embalming it, ship it back to the States. This arrangement is impractical, as it would mean that many ships probably would be needed for this work.

The American expeditionary force has a grave registration service, which is a division in the chief quartermaster's department. At the head of this department is a major of the regular army, who is responsible for the proper burial of the American soldiers who die in France and for the registration and marking of their graves.

Two officers and 50 men in each division do this work, and these units will be increased later on. Two American cemeteries have already been laid out in France, and several smaller ones have been planned near the front. Each grave is marked with an iron marker and in each is deposited the soldier with proper identification. In addition photographs and descriptions of the spot are made, and sent to the soldier's relatives at home.

JUST TO LAUGH

Nautical Companions.
"Noah was out in the rain for 40 days."
"It was easy work," replied Chesapeake Bill. "All he had to do was to stay inside the ark and let it float. Now if Noah had been compelled to fight the ice in an oyster boat for two or three consecutive months, he'd have had something to talk about."

ONE-MINUTE FOOD TALKS

By Don Herold

YOU MAY THINK FOOD COMES IN BASKETS, BUT IT DOESN'T

We have been getting our food so easily all these years that we forget that it is one of the fundamentals of life.

We forget that a large part of the work we do every day, we do for food. We get our pay in money, but we translate a large part of that money sooner or later into food.

No, grocery stores and dining rooms and three meals a day are just a habit with most of us, and it is hard to see how food has any connection with war.

But, honest, friends, food is one of the things that human beings need in this world.

And in wartime a lot of people are apt not to get any.

The big machine that has brought food to our mouths so smoothly that we have hardly even noticed it, is all out of order. The fine complex organization of farms, freight trains, steamships, stockyards, canning factories, wholesale houses and corner grocery stores isn't working as usual.

Once again we are conscious of food—just as our pioneer fathers were conscious of it.

We may recall now that entire

families, tribes, nations used to bundle up and move hundreds of miles—for food. We may reflect that birds migrate for food. We have seen a great Russia go to pieces largely for want of food. We saw Italy almost going to pieces at one time for want of food. We see England and France constantly threatened with a shortage of food.

There are spots in the world where the grocery boy does not come with a full basket if you call on the phone, even if you have the money to pay.

We must look out for France and England and Italy. Their hunger is our hunger. Their health is our health. There is nothing habitual now about the way our allies get their food. Every loaf of bread takes scheming, every bite of beefsteak takes planning.

And, over here, as we sit among our chicken pies and strawberry shortcakes we must stop and philosophize about—food, and, in fact, do some real tall thinking about it.

We have got to do some of that scheming and planning for that loaf of bread and that bite of beefsteak for France and England and Italy.

SOCIABILITY IS RURAL LIFE FACTOR

Developing Social Side of Community is Important, R. E. Hall Tells Mays Farmer's Club.

MEETING HELD LAST NIGHT

County Agent Urges Farmers to Report Fields Where Wheat Will be Good for Seed.

Rural sociability is one of the most important factors toward the establishment of a prosperous farming community, according to Prof. R. E. Hall, student pastor at Purdue university, who delivered the address of the evening at the meeting of the Farmers' club of Mays last night.

Prof. Hall, who is conducting a course in the university on rural organization along the lines of social betterment, is spending the summer vacation conducting an intensive campaign for the purpose of organizing rural communities in a social manner as the main asset to a more successful farming community. The speaker made a strong plea for young men and women to remain on the farm and declared that if each community formed a social life of its own it would be much more simple to induce young people to be satisfied with their surroundings.

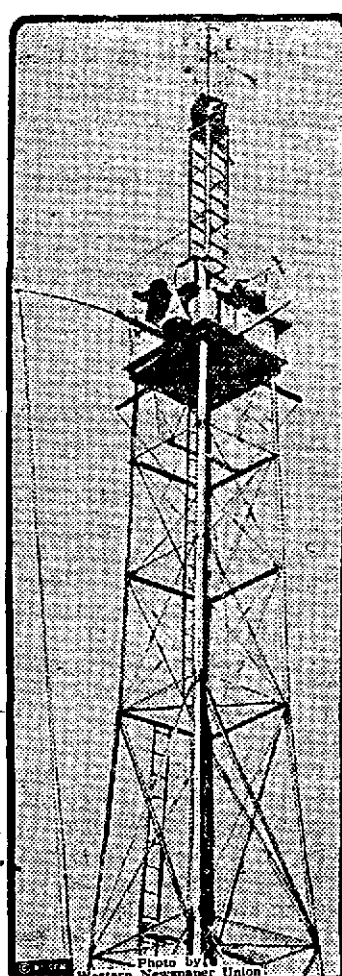

The meeting was one of the most interesting held since the formation of the club and following the address by Prof. Hall, Marion Detrick, county agent, talked to the club members on seed wheat. The prominence of smut in the wheat this year has had a tendency to make the seed wheat deteriorate in its percentage of pureness, as well as has the presence of rye, which has grown up in the same fields, thus making it extremely difficult to secure seed wheat of any one variety which is absolutely pure. He asked that wheat growers having fields which will meet the standard of pure wheat, report to his office in the court house in order that a line on the amount of pure seed wheat in Rush county might be obtained for state statistical purposes.

That the soldiers of the Mays neighborhood appreciate the manner

in which those back home remember them was evident from the numerous letters which were read at the meeting by the woman's section of the club.

Work similar to that of the Red Cross is being done by the women members of the farmers club for the boys of the vicinity and the letters which were read at last night's meeting, indicate that the remembrances which find their way into the comfort kits of the "home boys" are greatly appreciated.

TOWER FOR WATCHING FLYER

An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons and rings in your Ford motor.

These are the results you obtain by re-boring

You increase power from 10 to 50 per cent.

You eliminate that elusive knock.

You stop the escaping gas around piston rings which abnormally heats the crank case.

You stop the admission of auxiliary air past the piston rings which dilutes the mixture.

You use less lubricating oil.

You use less gasoline.

You drive slower on high gear.

You take hills with perfect ease and grace.

You attain greater speed on level.

You eliminate the over-heating.

You stop fouling your plugs.

Our Price is Reasonable.

Bring in your motor and let us fix it up.

For Feeble Old People

John Davitt Recommends Vinol to Great Strength and Vitality
Marion, N. J.—"I am 69 years of age and after a severe sickness, was in a weak, run-down condition. Vinol has built me up and made me strong, so now I feel real well again, and I recommend it to others for such conditions."—John M. Davitt.

The reason Vinol was so successful in Mr. Davitt's case, is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength. It is perfectly wonderful what it does for old people.

Insists That Frail, Nervous Women Can Speedily Become Strong and Vigorous

A Vigorous Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Greatest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long for.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any drugist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started, your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron; Potassium; Manganese; Peptonate; Ext. Nux Vomica; Powd. Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo.

Geo. W. Osborne

The home of Miss Alice Norris in North Harrison street was the scene of a very pretty party last night, when the Red division of the Dr. Gilbert class of the Main Street Christian Sunday school entertained for the Blues who were the winning side in the contest which closed last Sunday. The spacious rooms of the home were artistically arranged with Japanese lanterns and flowers were used in profusion in vases and baskets placed throughout the house. Charades and guessing contests of various kinds furnished interesting entertainment for the sixty guests, who included, besides the members of the class, the Rev. and Mrs. L. E. Brown, Prof. S. F. Stewart, Mrs. G. P. Mauzy, Miss Anna Poundstone and Mrs. Hazle Swihart of Cleveland, Ohio. At the close of the delightful evening, watermelon was served by the losing hostesses.

Twenty members of the Psi Iota Xi sorority were entertained by Miss Dorothy Frazer last night at her home in East Sixth street. The regular business program was carried out, after which plans were discussed for another dance, which the members decided to give sometime during the week after Chautauqua, but the exact date and place will be announced later. Following the business session a social hour ensued and was occupied by knitting and sewing.

A large crowd attended the dance given in the skating rink in South Main street last night. The affair was the third of a series of delightful midsummer social events being given in the rink, and the Jazz orchestra which by its recent appearances in the city, has gained much popularity, furnished the music for the dancers. The building was artistically decorated for the occasion, and guests from Shelbyville, Greensburg, Connersville, Knightstown and Newcastle were entertained.

Mr. and Mrs. Frank McDaniel entertained at dinner Sunday at their home in Center township, when covers were laid for the following guests: the Rev. E. W. Thomas of Danville, Ill., Mr. and Mrs. Roy Souder, Mr. and Mrs. Johnson of Shirley, Mr. and Mrs. George Smalley, Mr. and Mrs. Casso Beher and daughter Doris, and Lowell Smalley.

The members of the executive committee of the C. W. B. M. met in their regular business session yesterday afternoon in the parlors of the Main Street Christian church. The usual routine of business was carried out, when various matters pertaining to the activities of the society were discussed.

Mrs. Charles H. Brown entertained informally at her home in West Fourth street last night when the guests included the members of the Social Dozen club. Mrs. Chas. Bassler of Sturgis, Mich., who formerly lived here, and belonged to the club, was the honored guest.

The members of the Rebekah Crochet club will meet with Mrs. Henry Gregg tomorrow afternoon at her home in East Eighth street. Members are asked to bring needles and thimbles, as material for Red Cross sewing has been obtained, and will be worked on at this time.

Mrs. T. M. Green was hostess to eighteen members of the Ladies Aid society of the First United Presbyterian church at her home in E. Fifth street yesterday afternoon. As there was no important business to be transacted, the entire time was spent in sewing and knitting.

The members of the Missionary society of the Little Flatrock church will hold their regular meeting in

Social Calendar

Thursday

Ben Davis C. W. B. M. with Mrs. James Hasselby, in the afternoon.

Little Flatrock Missionary society in the church, in the afternoon, with Mrs. Hazel Daubenspeck as leader.

Pirate Bridge club with Mrs. O. M. Dale in North Main St., in the afternoon.

Rebekah Crochet club with Mrs. Henry Gregg in East Eighth street, in the afternoon.

Lurline council of Pocahontas in the evening in the Red Men hall.

the church tomorrow afternoon. Mrs. Hazel Daubenspeck will be the leader of the meeting.

The regular meeting of the Lurline council of Pocahontas will be held in the Red Men hall tomorrow evening at eight o'clock. All members are urged to be present.

The members of the Ben Davis C. W. B. M. will meet with Mrs. James Hasselby tomorrow afternoon, at her country home.

Mrs. O. M. Dale will be hostess to the members of the Pirate Bridge club tomorrow afternoon at her home in North Main street.

REBEKAH LODGES OF DISTRICT IN MEETING

Large Representation at Session Held in Arlington Yesterday Afternoon and Evening.

NEXT MEETING AT CARTHAGE

Excellent representations from all of the lodges of the district were present at the semi-annual meeting of the Rebekah lodge which was held yesterday afternoon and evening in Arlington.

The lodges of Shelby, Decatur and Rush counties participated in the program which consisted of a business session in the afternoon, followed by degree work in the evening. The work was put on by the degree teams of Rushville and Carthage, when there were four candidates admitted.

District officers to serve for the coming year were elected and among them were Mrs. Flora Abernathy, treasurer, and Mrs. Mary Brown, chaplain, both of this city. The next district meeting, which will occur in January, will be held in Carthage. A large delegation from this city attended both the afternoon and evening sessions.

The following members of the Rushville lodge attended the meeting last night: The Misses Ella Wilson, Cornelia Schrieber, Fern Jones, Rema Mahin, and Mrs. Ernest Carpenter, Mrs. Ed Oakley, Mrs. Etha Dagler, Mr. and Mrs. Frank Sample and Mr. and Mrs. Ole Winkler.

TO BE STARRED IN A FILM

Virginia Fox, Well Known Here, Has Part in Indiana Picture.

Miss Virginia Fox, about 17 years of age, daughter of Mr. and Mrs. Fred Fox, who are well known in Rushville, will have a prominent part in a moving picture which is now being made in Indiana. She will play alongside Edward Brennan, a Metro picture star, in producing a feature film which will deal with life in Indiana and will show all of the historic spots of the state that have made the Hoosier land famous throughout the United States. Miss Fox is a granddaughter of Mr. and Mrs. Ed Oglesby, former residents of this city, and will be remembered by many people here.

Attire Yourself Becomingly and Comfortably for the

Rushville Chautauqua

Beginning Saturday, August 3rd

CHAUTAUQUA GROUND RECRUITING STATION

Mrs. A. L. Stewart Will Open Office at Park Next Week for Continuance of Campaign.

RESULTS ARE SATISFACTORY

"Young women in Rush county who have been so loudly proclaiming their desire to do something really patriotic have been given the opportunity," declared Mrs. A. L. Stewart, who is carrying on an intensive campaign for the Student Nurse Reserve in this city and surrounding townships.

The campaign to fill the United States Student Nurse Reserve is to be continued here all during next week, and at the same time the recruiting office will be located at the chautauqua grounds where it is expected the results will be most satisfactory. Mrs. Stewart will be assisted in carrying on the recruiting work by women who have taken part in the defense council work of the county during the past months.

This page is read every day by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All advertisements, except display, are charged for at the rate of one-half cent per line for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

NOTICE TO NON-RESIDENTS

The State of Indiana, Rush County, In the Rush Circuit Court. Vacation Term, 1918.

William Pelts, executor of the will of Martha E. Downey vs. Kate Manning et al. Complaint No. 1592.

Now comes the plaintiff by A. L. Gary, attorney, and files his complaint herein together with an affidavit that the residence of the defendants, Pearl Mercer, Alma Kelsling, Deborah Newhouse are unknown, and that diligent inquiry has been made to ascertain the residence of said defendants, but that said inquiry has not disclosed the residence of said defendants.

Notice is therefore hereby given said defendants, that unless they be and appear on the 21st day of September, 1918, at the Court House in Rushville in said County and State, and answer or demur to said complaint, the same will be taken and the court in their absence a witness whereof, I have hereunto set my hand, and affixed the seal of said court, at Rushville, this 17th day of July, A. D. 1918.

GEO. B. MOORE, JR., Clerk.

July 17-21-31-Aug 7

NOTICE OF SALE OF REAL ESTATE

Notice is hereby given that the undersigned a receiver for The Rush County Fair Association, appointed by the Rush Circuit Court, will, on

WEDNESDAY, AUGUST 3rd, 1918, at 2 P. M. at the north door of the Court House in the city of Rushville, Indiana, offer at public sale to the highest bidder, the following described real estate in Rush County, Indiana, the property of said Rush County Fair Association, to-wit: Commencing at a point in the south line of the right of way of the I. & C. Traction Company, said point being in the west line of the east half of the southwest quarter of Section 34, Township 14, north, Range 10 east, thene 80 degrees east along the south line of the right of way of said traction company a distance of 204 feet to the southwest corner of said quarter section; thence south 80 degrees east along the south line of the right of way of said traction company a distance of 1235 feet to the place of beginning containing 85,650 acres, more or less, comprising 1,393 acres on the east side thereof and which is described as follows: Commencing at a point in the south line of the right of way of said I. & C. Traction Company, thence north 80 degrees east a distance of 7 feet to the center of the Rushville and Vienna Turnpike; thence south 80 degrees east along the south line of the right of way of said traction company a distance of 79 degrees east 80 minutes west along the center of said turnpike a distance of 1235 feet and thence to the center of a hedge fence and which said hedge fence divides the lands of said fair association on the east from the lands of Joseph Amos on the west; thence north along said last named division line a distance of 100 feet to the south line of the right of way of said traction company; thence north 80 degrees east along the south line of the right of way of said traction company a distance of 80 degrees east 80 minutes west along the center of said turnpike a distance of 4 rods and thence north 80 degrees east to the south line of the right of way of said traction company; thence north 80 degrees east a distance of 4 rods and 6 links to the place of beginning, containing 1,398 acres. All of said land is located in the southwest quarter of Section 23, Township 14, north, Range 10 east, and the northeast quarter of Section 33, Township 14, north, Range 10 east. Said sale will be for cash, free of liens and undisturbed possession will be given. Said goods and a tract of 24.25 acres, situatedly described as follows: Commencing at a point in the south line of the right of way of said I. & C. Traction Company, thence north 80 degrees east a distance of 7 feet to the center of the Rushville and Vienna Turnpike; thence south 80 degrees east along the south line of the right of way of said traction company a distance of 79 degrees east 80 minutes west along the center of said turnpike a distance of 1235 feet and thence to the center of a hedge fence and which said hedge fence divides the lands of said fair association on the east from the lands of Joseph Amos on the west; thence north along said last named division line a distance of 100 feet to the south line of the right of way of said traction company; thence north 80 degrees east along the south line of the right of way of said traction company a distance of 80 degrees east 80 minutes west along the center of said turnpike a distance of 4 rods and thence north 80 degrees east to the south line of the right of way of said traction company; thence north 80 degrees east a distance of 4 rods and 6 links to the place of beginning, containing 1,398 acres. All of said land is located in the southwest quarter of Section 23, Township 14, north, Range 10 east, and the northeast quarter of Section 33, Township 14, north, Range 10 east. Said sale will be for cash, free of liens and undisturbed possession will be given. Said goods and a tract of 24.25 acres, situatedly described as follows: Commencing at a point in the south line of the right of way of said I. & C. Traction Company, thence north 80 degrees east a distance of 7 feet to the center of the Rushville and Vienna Turnpike; thence south 80 degrees east along the south line of the right of way of said traction company a distance of 79 degrees east 80 minutes west along the center of said turnpike a distance of 1235 feet and thence to the center of a hedge fence and which said hedge fence divides the lands of said fair association on the east from the lands of Joseph Amos on the west; thence north along said last named division line a distance of 100 feet to the south line of the right of way of said traction company; thence north 80 degrees east along the south line of the right of way of said traction company a distance of 80 degrees east 80 minutes west along the center of said turnpike a distance of 4 rods and thence north 80 degrees east to the south line of the right of way of said traction company; thence north 80 degrees east a distance of 4 rods and 6 links to the place of beginning, containing 1,398 acres. All of said land is located in the southwest quarter of Section 23, Township 14, north, Range 10 east, and the northeast quarter of Section 33, Township 14, north, Range 10 east. Said sale will be for cash, free of liens and undisturbed possession will be given. Said goods and a tract of 24.25 acres, situatedly described as follows: Commencing at a point in the south line of the right of way of said I. & C. Traction Company, thence north 80 degrees east a distance of 7 feet to the center of the Rushville and Vienna Turnpike; thence south 80 degrees east along the south line of the right of way of said traction company a distance of 79 degrees east 80 minutes west along the center of said turnpike a distance of 1235 feet and thence to the center of a hedge fence and which said hedge fence divides the lands of said fair association on the east from the lands of Joseph Amos on the west; thence north along said last named division line a distance of 100 feet to the south line of the right of way of said traction company; thence north 80 degrees east along the south line of the right of way of said traction company a distance of 80 degrees east 80 minutes west along the center of said turnpike a distance of 4 rods and thence north 80 degrees east to the south line of the right of way of said traction company; thence north 80 degrees east a distance of 4 rods and 6 links to the place of beginning, containing 1,398 acres. All of said land is located in the southwest quarter of Section 23, Township 14, north, Range 10 east, and the northeast quarter of Section 33, Township 14, north, Range 10 east. WHY? WHY? WHY? WHY?

WHY are there in excess of One Hundred vacant homes in our town?

WHY are other adjoining towns passing hand bills on our streets for the employment of man power?

WHY does property rent for less, showing less income per investment than nearby towns?

WHY is it necessary for a large percentage of our skilled labor to seek employment in other towns necessitating the expense of transportation? Is it possible for them to overcome this additional expense incurred by so doing and thereby increase their income?

WHY has Rushville a population of only about 6000 when neighboring towns with fewer railroads, no better schools or general conditions have doubled in population in the past few years?

WHY is it not possible for the citizens of Rushville and Rush County to correct this condition?

WHY not admit to ourselves we must have overlooked opportunities of some nature?

WHY? WHY? WHY? WHY?

CITIZENS COMMITTEE

BOY'S SACRIFICE WAS NOT IN VAIN

Private Jackson's Death Stimulates
Comrades to Renewed Deter-
mination, Watson Writes.

LETTER TO THE BOY'S MOTHER

Senator Says He Knows Her Sorrow
is Softened With the Pride
That Swells Her Heart.

"Because you are an American mother, I know that your great sorrow is softened by the pride that swells your heart with the reflection that your boy died for liberty and that you have laid upon your country's altar a sacrifice to Freedom."

The letter received by Mrs. Flora Jackson from Senator James E. Watson upon the receipt of word that her son was Rush county's first boy killed in the world war, bespeaks the feeling of sympathy which the entire nation offers to an American mother who has given her sons to the cause for which the country is fighting. The letter received from Senator Watson follows:

"I have learned with deep regret of the death of your honored son on the battle front in France and I hasten to express my profound sympathy with you in this hour of trial and suffering."

"I shall not attempt by any words of mine to assuage the grief that must be yours, but yet I am persuaded that you understand he thus attested the full measure of his devotion to this nation. Moreover, you may be sustained by the thought that he did not die in vain, that his death stimulated his comrades to renewed determinations, and that each of his companions received from his sacrifice increased fervor for our country's cause."

"And you may be further consoled by the reflection that his blood shall not cry out from the soil of France unappeased, for all the power of the mighty republic is pledged to vindicate the cause for which he died and be assured, too, that there shall be no respite allowed our enemies until the last one of them shall surrender or be destroyed and until liberty shall be restored where now Despotism reigns."

"And throughout the remainder of your life after peace shall have been restored and the spirit of mil-

itarism shall have vanished forever, you will be at once, stimulated and comforted by the proud recollection that your boy sacrificed his life to bring a golden era to the nations of the earth."

MANFORD STEVENS IS GRANTED A DIVORCE

Gets Divorce of Separation in Fayette Circuit Court After Having Been Denied One Here.

WIFE IS GIVEN \$50 ALIMONY

Manford Stevens, a well known resident of Noble township, was granted a divorce from Ada Stevens, following a trial in the Fayette county circuit court where the case was taken on change of venue from the Rush county court.

The decision was based upon the plea of the plaintiff of cruel and inhuman treatment, and was the second attempt to secure a legal separation. The Rush county court, which heard the case in February, 1917 rendered a decision in favor of the defendant, who appeared against the plaintiff on both occasions. Special Judge Blair of Shelbyville heard the case and Mrs. Stevens was granted fifty dollars alimony by agreement. Chauncey Duncan represented the plaintiff and Megees and Ross the defendant.

Constance Talmage Tonight

Constance Talmage, a charming comedienne, in "The Studio Girl", a sparkling comedy, is the combination which the Princess theatre offers tonight, in addition to the usual interesting Pathe News weekly. In the role of a "regular" American girl, it is doubtful if Miss Talmage ever appeared to better advantage in a picture. "One Dollar Bid", which Tom J. Geraghty, formerly of Rushville, arranged for the screen will be shown tomorrow, along with the weekly allied war review. J. Warren Kerrigan plays in "One Dollar Bid". Marguerite Clark is advertised to appear Friday in "Prunella".

Postmaster Hunt Calls Attention To
Regulations Regarding Things
Mailed to Soldiers.

RESTRICTIONS NOT OBSERVED

Result is That Many Things Forwarded to Men Abroad are
Turned Back at New York

With the inevitable approach of winter, cold weather comforts are being prepared for Rush county boys in France and in numerous cases have been sent, apparently without the request of the boys for the articles, which will not be countenanced by the war department.

Some time ago an order was issued to the effect that in order for boxes of any kind to be sent to American boys abroad, a request for the articles must be made by the boys and in addition, the request must receive the O. K. of a regimental officer of no less rank than a major.

This order has apparently been forgotten or thought to be enforced in a lax manner as numerous boxes have been started to France only to be returned from the New York office where it was found that the recipient of the parcels had made no request for the articles or that the request had not received the O. K. of an officer.

Postmaster G. P. Hunt has received additional orders from the department asking that the matter again be placed before the people, thus doing away with much unnecessary work at the New York office where each case must be investigated, only to find in numerous cases that the parcels are to be returned home since there has been no request for them.

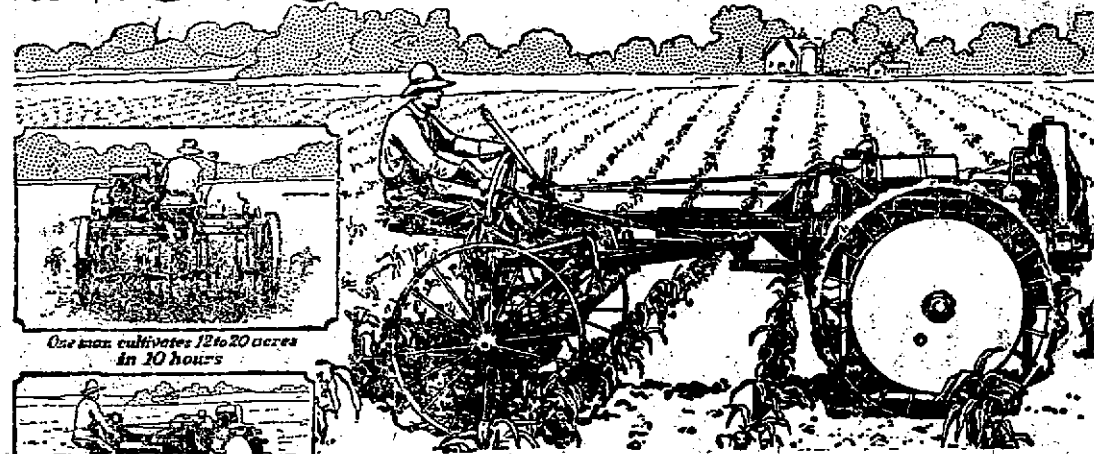

If for any reason, however, a soldier desiring the articles sent to him has not received the permission of an officer, the permission might be gained by writing to the adjutant-general in Washington.

ONE MAN CULTIVATES TWO ROWS AT A TIME with the

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

On most farms more time is spent in cultivating than any other operation. Sixty per cent of the crops are planted in rows that require cultivating, which must be done at the busiest season.

If one man is to farm more land than ever before, which is absolutely necessary, he must cultivate more land than ever before. With the Moline-Universal Tractor one man can cultivate two rows at a time and do it better, quicker and cheaper than with horses.

The Moline-Universal Tractor straddles the corn row—it has more clearance than the ordinary cultivator—so corn can be cultivated in all stages. The tractor is attached to the cultivator and forms one complete unit—the tractor the front wheels, and the cultivator the rear wheels. The operator sits on the cultivator in line with the right drive wheel of the tractor, where he has a clear and unobstructed view of the rows ahead. This is of the utmost importance for good work.

All the operator has to do is to keep the right wheel of the Moline-Universal a certain distance from the outside row and the whole outfit will go properly. For dodging individual

hills the cultivator gangs are shifted by the operator's feet.

The automatic electric governor allows the tractor to be slowed down to a "snail's pace".

But cultivating is only one of all the farm operations the Moline-Universal Tractor can do. It is light, yet does as much work with two 14-inch plow bottoms as the ordinary three-plow tractor, on account of its higher speed, 3 1/2 miles an hour. Being coupled to the various farm implements with which it is used, it enables one man to perform every farm operation better than two men can do the same work with the ordinary tractor. In addition it has plenty of power for belt work, easily handling a 24-inch grain separator.

Mechanically, the Moline-Universal contains refinements and improvements that stamp it as the foremost tractor. Perfected overhead-valve four-cylinder engine, complete enclosure of all working parts, including the final drive gears, electric starting and lighting system, 15 Hyatt heavy-duty roller bearings and five high grade ball thrust bearings, differential lock, and electrical engine governor are a few of the many features that place the Moline-Universal ahead of all the rest.

Prof. J. S. Wiley Will Not Teach Because of the Chautauqua.

Singing classes being taught in the northern part of the county by Prof. J. S. Wiley of Anderson, will not meet as usual next week on account of the chautauqua. Prof. Wiley spends two days each week at Fairview, Plum Creek and Bentonville, and has large classes in each community. He has charge of the music at the church where he happens to be on Sunday. Prof. Wiley has been teaching singing for years, having been leader of the choir of the First Baptist church in Anderson until he was incapacitated by rheumatism. He now walks with crutches. Prof. Wiley conducted classes in this county twenty years ago and will be remembered by many people.
